How to Print the Transport Schedule

Start a web browser
Log into your FSFB account
Click on the Call Center app button
Click on the Donations group button
On the black menu bar at the top of the screen, you should see "Transport Schedule". Click on that.

Transport Schedule will only appear for users who have the Transport Admin privilege.

You will see a display showing available transport dates. Click on the appropriate date.
Click on the Print button at the bottom of the screen.

If you use ^P, it will print too small.
